Contemporary Craft Tour 2015 Rural Craft *Re-Imagined...* comes to Saltaire Arts Trail

For the first time Highlights professional touring exhibition of contemporary craft will be a part of Saltaire Arts Trail 2015. Rural Craft *Re-Imagined...* champions British craft and celebrates the contribution of heritage craft to contemporary design. This exhibition, accompanying demonstrations and talks will be a major part of the Saltaire Arts Trail programme - not to be missed. These artists work passionately with materials, themes or forms; they craft with expertise and ingenuity but their work is committed to traditional skills.

Craft forms were selected for their historical importance to communities in remote rural environments. All of the artists are extraordinary makers with national reputations:

Basketry: Lizzie Farey

Woodturning: Bill Robinson

Forged Ironwork: Lucy Sandys-Clarke

Leatherwork: Mark Rowney

Lettercarving: Pip Hall

Textiles: Lynn Settrington

This exhibition will feature work produced by children from Saltaire Primary School who have enjoyed workshops with two of the artists from the exhibition: Mark Rowney and Pip Hall.

**Artist Pip Hall will lead a Lettercarving
